

Grabb Law

Sales Companion | July 27, 2026 | Rep: Jacob Meissner

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Robert Grabb	Unconfirmed — est. \$570K (low conf.)	6 (2 atty, 4 para)	Stage 4	15% (default)	Tucson, AZ

Dominant Buying Motive: EFFICIENCY / SYSTEMS (INFERRED)

Robert wants the firm to run on systems instead of his own day-to-day oversight of vendors, intake, and case-quality decisions — inferred from operational language, not a stated personal quote.

"increasing profit... adding 5-10 quality cases/month"

"build custom automations... to improve efficiency and reduce costs"

"soft tissue injury with more than \$1,500 in vehicle damage"

What he wants:

- **More quality cases.** Goal is 5-10 additional quality cases a month.
- **A marketing budget that works.** Spends ~\$25K/mo but isn't visible anywhere in this research.
- **Less personal involvement.** Fractional CTO interest signals a desire for less day-to-day load.
- **Real profit visibility.** Wants to know the \$25K/mo is working, not just going out.

What is stopping him:

- **Zero digital visibility.** Absent from all 6 local search tests vs. named Tucson competitors.
- **No CRM.** No visibility into what happens to leads after the phone rings.
- **Revenue unconfirmed.** Jeff's action item — flag before contract signing.
- **NAP inconsistency.** Three phone numbers, two addresses — hurting local SEO.
- **No manager layer.** Vendor and case decisions still run through Robert.

Why This Marketing Package

What it does for him:

- Turns the existing \$25K/mo vendor spend into one coordinated digital system.
- Puts Grabb Law in front of the searches Karnas, Zanes, and Goldberg & Osborne already win.
- Fixes the NAP and website trust issues undermining every other marketing dollar spent.

Full Service Marketing — Starter | \$4,997/mo bundled

- Revenue est. \$570K (HubSpot, low confidence) puts firm in the \$500K-\$1M Starter band.
- Multiple practice areas (PI general + MVA + motorcycle) disqualify Essentials regardless of revenue.
- \$25K/mo spend with zero digital visibility signals full-channel buildout, not ads-only.
- Ad spend cap \$20,000/mo matches the aggressive scenario calculated below.

Why This Coaching Package

What it does for him:

- Builds the accountability structure and profit visibility the firm doesn't have today.
- Gives Robert a peer group of other firm owners working through the same vendor-to-system transition.
- Starts the shift away from Robert personally owning every case-quality and vendor decision.

Elite Coach Plus | \$3,200/mo bundled

- Revenue est. \$570K falls in the \$400K-\$1M band for Elite Coach Plus.
- Team of 6 with no dedicated ops/marketing/intake staff disqualifies Master's Circle regardless of revenue.
- Even if revenue is confirmed at \$1M+, team size still resolves to Elite Coach Plus at the same price.

Grabb Law — Sales Companion (continued)

Why This Ad Spend

What it does for him:

- Puts new dollars into Google Search, LSA, and Meta instead of leaving the full \$25K/mo in channels with zero measured visibility.
- Targets the MVA/car-accident cases that meet Robert's own stated quality criteria.

Recommended Ad Spend Range:

- **Conservative:** \$10,000/mo — Google Search only, PI High-competitiveness floor for MVA.
- **Aggressive:** \$20,000/mo — Starter tier cap; blends Google + LSA + Meta retargeting + Meta cold (~\$19,500 channel minimums).

Estimated Return on Investment:

- **Conservative:** ~1-2 cases x \$7.5K avg = ~\$13K/mo vs. \$10K spend = ~1.3x return.
- **Aggressive:** ~6-7 cases x \$7.5K avg = ~\$50K/mo vs. \$20K spend = ~2.5x return.

All figures are estimates. Close rate (15%) and case value (\$7.5K) are defaults — neither was stated on the call. Not guaranteed.

How the range was calculated:

- **Conservative:** MVA Google PPC minimum = \$10,000 (PI High-competitiveness floor).
- **Aggressive:** Google \$10K + LSA \$2K + Meta Retargeting \$1.5K + Meta Cold \$6K ≈ \$20K Starter cap.
- **FLAG:** at \$570K revenue est., fee + ad spend = 38%-59% of revenue — over 35% cap. Confirm revenue before finalizing; \$750K+ brings this under cap.

If He Pushes Back

"We already spend \$25,000 a month on marketing — why do we need more?"

That \$25K/mo produced zero visibility in any of 6 local search tests against Karnas, Zanes, and Goldberg & Osborne. This isn't more spend — Phase 1 starts with redirecting what's already budgeted before adding net-new dollars.

"How do we know this will actually work?"

Grabb Law already has enough review volume (~46) to qualify for Local Service Ads today — the gap is enrollment and visibility, not credibility or case quality.

"We need to nail down our numbers before committing."

Agreed — revenue was flagged as unconfirmed in this proposal. Recommend confirming the actual figure with Robert before signing; it does not change the recommended package, only the ad spend comfort level.

Investment At A Glance

Full Service Marketing — Starter	\$4,997/mo
Website, local SEO, Google Ads, LSA, Meta.	\$5,697 stand alone
Elite Coach Plus	\$3,200/mo
Weekly group coaching, masterminds, workshops.	\$3,497 stand alone
Recommended Ad Spend	\$10,000–\$20,000/mo
Goes to Google, LSA, and Meta — not to SMB Team.	

Total: \$8,197/mo + \$10,000–\$20,000 ad spend | Save \$997/mo by bundling | 38%–59% of est. revenue (over 35% cap — confirm revenue before finalizing)
