

The Law Offices of David B. Shapiro

Sales Companion | June 11, 2026 | Rep: Jacob Meissner

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
David B. Shapiro	\$15K–\$70K/mo (lumpy)	3–5 support	Stage 3: Solo Practitioner	15% (default)	Baltimore, MD

Dominant Buying Motive: FREEDOM / TIME

David wants to stop being the firm and start owning it — Maine summers, the restaurant, and showing up only when he chooses.

"I'm getting calls at 2 in the morning."

"I have a C or D team. I need an A team."

"I need to be able to delegate about 80% of what I do."

What he wants:

- **Build an A-team.** 80% of his 60–70 hr/week is delegable — he needs people he can actually trust.
- **Stop the 2 AM calls.** Late-night intake is time stolen from Maine, the restaurant, and working by choice.
- **\$100K/month.** The backlog is already there — he just needs team capacity to unlock it.

What is stopping him:

- **C or D team.** No one he can fully delegate to — every important task still flows through David personally.
- **No intake system.** Personally handling all calls including 2 AM arrests — no backup, no after-hours coverage.
- **Broken website.** TLS cert error = security warning before prospects read a word; turns referrals into lost cases.
- **Zero digital presence.** 100% referral-dependent; LegalMatch contract is signed but never activated — \$1,500/mo generating zero leads.
- **Backlog locked.** 150 PI cases (\$3.75M+ potential) cannot resolve faster without team capacity.

Why This Marketing Package

What it does for him:

- Adds a digital pipeline alongside referrals — revenue continues even when David steps back.
- Fixes the broken website so earned referrals convert instead of bouncing on a security warning.

Full Service Marketing — Starter | \$4,847/mo bundled

- PI practice eliminates Essentials; Starter is the minimum qualifying tier.
- Revenue \$400K–\$1M → Starter tier. Baltimore = Tier 4 market.
- Includes website rebuild (TLS cert failure; site age; no mobile confirmation).

Why This Coaching Package

What it does for him:

- Builds the A-team structure — accountability, delegation framework, management layer so David stops doing the 80% he called delegable.
- Replaces the 2 AM call habit with a documented intake process and after-hours coverage that runs without him.

Elite Coach Plus | \$3,200/mo bundled

- Revenue \$400K–\$1M, team <5, no dedicated ops → Elite Coach Plus is the correct tier.
- FCOO Advisor not yet appropriate — coaching builds the foundation first; upgrade once \$75K+ months are consistent.
- Directly addresses David's three stated needs: team, intake, and financial predictability.

Why This Ad Spend

What it does for him:

- 4–15 new PI and criminal defense cases/month from digital search, independent of David's personal activity.
- LSA places firm at the very top of Google for the highest-intent Baltimore searches — pay-per-lead, not pay-per-click.

Ad Spend Range | Conservative: \$7,500/mo | Aggressive: \$25,000/mo

- **Conservative ROI (est):** ~4 cases x \$5,500 = \$22,000/mo vs. \$7,500 spend = ~3x return.
- **Aggressive ROI (est):** ~15 cases x \$5,500 = \$82,500/mo vs. \$25,000 spend = ~3.3x return.
- **How conservative was calculated:** PI PPC \$2,000 + Criminal PPC \$2,500 + LSA \$2,000 + Meta \$1,000 = \$7,500.
- **How aggressive was calculated:** \$100K/mo goal x 20% = \$20,000. Reverse math (121 leads x \$240 CPL) = \$29,040; rounded to \$25,000. Note: exceeds Starter \$8K cap — discuss Growth tier if committing to aggressive.

All figures are estimates. Not guaranteed.

If He Pushes Back

"I just need to hire — marketing can wait."

Marketing funds the team. 4 extra PI cases/mo at \$5,500 = \$22K — covers full SMB investment and nets \$14K. Revenue enables the hire.

"LegalMatch is already costing me \$1,500/month."

That contract is signed and paid — but never activated. \$0 incremental cost to turn it on. It is the only lead source David is paying for and not using.

"Revenue is too inconsistent for a monthly commitment."

The inconsistency is the symptom. 150 PI cases worth \$3.75M+ are locked by team capacity — coaching unlocks that backlog, which dwarfs the monthly investment.

"Referrals have worked for 37 years."

Referrals stop when David steps back — the opposite of what he wants. Bob Katz (190+ reviews) and Seth Okin (212 reviews) are compounding digital advantages daily. Every month without digital presence makes this gap harder to close.
