Dominant Buying Motive: FREEDOM FROM BEING THE ONLY RAINMAKER

Todd built 7 offices over 20 years — wants clients coming in without his personal involvement in every relationship.

"No transcript available — Fathom 404 for tws@sivialaw.com. Collect quotes on proposal call June 10, 2026."

What he wants:

- **Firm that runs without him.** Seven offices exist — missing is the digital system that generates clients without Todd personally.
- **Predictable lead flow.** No observed paid ads — new clients likely come from his personal network, which does not scale.
- **Business that compounds.** A multi-location firm with systems and a profit plan is worth far more than one that depends on the founder.

What is stopping him:

- **No digital lead gen.** Zero observed paid advertising — referral-dependent pipeline is Todd's personal bottleneck.
- **Review gap.** 4 Avvo reviews vs. Blake's 52 and Wendler's 79 — credibility signals far below market leaders.
- **Personal brand dependency.** Todd is the face and CEO — firm reputation not yet institutionalized.

Why This Marketing Package

What it does for him:

- Builds a client pipeline across all 7 offices that operates independently of Todd's referral network — new clients from digital systems he built once.
- Gets Sivia into paid search, LSA, and local pack positions — closing the visibility gap against Blake Behme (52 reviews) and Wendler (79 reviews).

Full Service Marketing — Starter | \$4,847/mo bundled

- Personal Injury listed — Essentials tier ineligible; Starter is minimum tier.
- Revenue not confirmed — Starter appropriate for \$400K–\$1M; confirm after June 10 call.
- Starter ad spend cap \$25,000/mo — well above the recommended \$6,500–\$15,000 range.

Why This Coaching Package

What it does for him:

- Standardizes intake across all 7 offices so every new lead — including ad-driven leads — gets a fast, consistent response regardless of location.
- Builds accountability systems and management rhythms so Todd can step back from day-to-day decisions without performance degrading.

Elite Coach Plus | \$3,200/mo bundled

- Revenue \$400K–\$1M — Elite Coach Plus is the correct coaching tier.
- No dedicated ops team confirmed — Master's Circle not eligible.
- Seven-office complexity requires intake standardization and team accountability; FCOO Advisor can be added in Phase 2.

Why This Ad Spend

What it does for him:

- Generates qualified estate planning and business law leads into the Clio Grow intake system — leads Todd did not have to personally generate.
- Conservative: 8 new cases/mo at \$3,000 avg = \$24,000/mo from ads — a 3.7x return on ad spend.

Ad Spend Range and ROI:

- Conservative \$6,500/mo:** 50 leads x 15% = 8 cases x \$3,000 = \$24,000/mo | 3.7x return.
- Aggressive \$15,000/mo:** 140 leads x 15% = 21 cases x \$3,000 = \$63,000/mo | 4.2x return.
- Conservative calc:** Business Law + Estate Planning minimums: Google \$3,500 + LSA \$2,000 + Meta \$1,200 = \$6,700.
- Aggressive calc:** \$1.2M goal x 20% / 12 = \$20,000. Tier 4 (1.0x), minus \$4,847 fee = \$15,153.

All figures are estimates. Case value (\$3,000) is a default — confirm on June 10 call. Not guaranteed.

If He Pushes Back

"We already get plenty of referrals."

Referrals are not predictable. Blake has 52 reviews and likely dominates local pack for estate planning. Every month without digital investment is a month competitors extend their lead in channels Sivia is not in.

"I'm not sure we can handle more leads."

Four attorneys across 7 offices suggests real available capacity. The coaching package standardizes intake first — so the team converts more of what is already coming in before ad volume increases.

"This seems like a big investment."

Conservative scenario: \$6,500 ad spend projects \$24,000/mo in new revenue — a 3.7x return, before factoring in the compounding value of SEO and review growth over time.
