Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Dirk Davidek	\$2.7M	3 of 5 attys	Stage 4	~80%	New Braunfels, TX

Dominant Buying Motive: ENTERPRISE VALUE (inferred — confirm on call)

Dirk is not just chasing revenue — he's working with a fractional CFO and a time-tracking study toward \$4M and a 20% margin, the profile of an owner building a firm to eventually sell.

"lead gen is strong, with appointments booked into late August"

"Payroll costs exceed 50% of revenue (vs. a 25% goal), driving profit margins into the low single digits."

"85% estate planning; shifting to higher-net-worth clients while retaining the local market."

What he wants:

- **Hit \$4M by end of 2027.** A stated revenue goal tied to a firm rebrand and Austin launch.
- **Get payroll under control.** Bring payroll from 50%+ of revenue down to a 25-35% target.
- **Hit a 20% profit margin.** A specific, stated number — not just "more profit."
- **Launch into Austin cleanly.** A January 2027 rebrand and market expansion, not a side project.

What is stopping him:

- **Two open attorney seats.** Staffed at 3 of 5 for over a year — a direct cap on case capacity.
- **Payroll already over 50% of revenue.** Well past the 25% target, with margins in the low single digits.
- **Ad spend he can't see into.** An outside agency manages all paid campaigns with no in-house visibility.
- **A live NAP problem.** Homepage lists (830) 515-5854; the Contact page lists (830) 217-1544.
- **Zero Austin digital presence.** No geo-pages exist yet for the planned 2027 launch market.

Why This Marketing Package

What it does for him:

- Replaces the agency's black-box ad management with visibility and reporting Dirk doesn't have today.
- Protects and extends the organic advantage already built against J.M. Dickerson and Carroll Law Group.
- Builds the Austin digital foundation before the January 2027 rebrand launches.

Full Service Marketing — Dominate | \$10,497/mo bundled

- Revenue of \$2.7M places the firm in the \$2M-\$3M Dominate tier per the standard pricing table.
- Firm currently pays an outside agency for ad management — Dominate replaces that spend with in-house visibility.
- No geo-pages exist for the Austin expansion — Dominate tier includes full website and landing page build.
- Live NAP inconsistency (two different phone numbers) needs to be resolved as part of the website work.

Why This Coaching Package

What it does for him:

- Puts Dirk in a peer group of law firm owners solving the same staffing and margin problems.
- Builds the accountability structure that turns the CFO's time-tracking study into an executed plan.
- Adds a leadership layer the firm doesn't yet have beyond the newly-engaged fractional CFO.

Master's Circle | \$4,600/mo bundled

- Revenue \$2.7M and 5 attorney seats meet the \$1M+ / 5+ team threshold for Master's Circle.
- CAUTION: team is currently staffed at only 3 of 5 seats with no dedicated ops/intake staff confirmed in the transcript — confirm ops capacity with Dirk before finalizing.
- Fractional CFO already engaged — Master's Circle coaching complements that work operationally.
- \$4M revenue goal and 20% margin target require accountability structure, not just financial visibility.

Why This Ad Spend

What it does for him:

- Gives Dirk visibility into paid lead performance he doesn't have with the current agency.
- Builds a scalable ad engine ahead of the Austin launch instead of starting cold in 2027.

Recommended Ad Spend Range:

- **Conservative:** \$3,500/mo — Google Search only, the Estate Planning channel minimum.
- **Aggressive:** \$14,000/mo — full spread across Google Search, LSA, Meta Retargeting, and Meta Cold.

Estimated Return on Investment:

- **Conservative:** ~17 cases x \$2.25K = ~\$39K/mo vs. \$3.5K spend = ~11.1x return.
- **Aggressive:** ~168 cases x \$2.25K = ~\$378K/mo vs. \$14K spend = ~27x return.

All figures are estimates. Not guaranteed. Case value uses the Estate Planning default (\$1.5K-\$3K) — not stated in the transcript. The 80% close rate reflects current warm-lead intake performance, not a validated cold-ad-lead conversion rate — sanity-check the aggressive scenario with Dirk before presenting it.

How the range was calculated:

- **Conservative:** Estate Planning Google Search minimum = \$3,500.
- **Aggressive:** \$3,500 each across Google Search, LSA, Meta Retargeting, Meta Cold = \$14,000.
- Total spend at aggressive: \$29,097/mo (bundled + ad spend) = 12.9% of \$2.7M revenue. Under the 35% cap.

If He Pushes Back

"We already pay an agency for ads — why switch?"

No independent visibility into the current agency's performance could be confirmed this pass. Dominate replaces that black box with monthly reporting and moves toward the AI-driven cost reduction Dirk raised on the call.

"Payroll is already eating our margin — can we afford another line item?"

At \$15,097/mo bundled, total investment plus even the aggressive ad spend is 12.9% of monthly revenue — under the 35% cap — and it directly targets the marketing visibility and coaching accountability needed to hit the stated 20% margin goal.

"We're not fully staffed — is now the right time to grow marketing?"

Appointments are already booked into late August — demand isn't the constraint. Fixing intake and marketing visibility protects revenue from leads already being generated while the attorney gap closes.

"We're planning Austin for 2027 — should we wait to invest?"

Building geo-landing pages and SEO now means Austin launches with digital infrastructure already in place instead of starting from zero in January 2027.

Investment At A Glance
