

Rivas Law Firm, PLLC

Sales Companion | August 17, 2026 | Rep: Nick Holderman

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Israel Rivas	\$1.5–2M gross / ~\$500K net	Solo + contract attys	3: Solo Practitioner	15% (default)	Pharr, TX (RGV)

Dominant Buying Motive: FREEDOM & DELEGATION

Israel wants to double revenue to \$3–4M while finally getting back the personal time that building this practice alone has cost him.

"Double revenue... driven by a desire for more personal time and delegation"

"\$3.3k/month budget is insufficient for a competitive PI market"

What he wants:

- **Double revenue to \$3–4M gross.** His stated growth goal.
- **Get his personal time back.** Growth is about delegation, not just money.
- **Stop being the bottleneck.** Every case depends on him personally.

What is stopping him:

- **Zero digital presence.** No Google, LSA, or Meta ads ever run.
- **Billboard spend, no ROI.** \$60K/yr produced ~5 cases last year.
- **Effective budget is tiny.** ~\$40K/yr actually available for digital.
- **No delegation.** Every case routes through Israel personally.

Why This Marketing Package

What it does for him:

- Turns years of reputation into a predictable digital pipeline, not just referrals.
- Gets the firm in front of the same Pharr/McAllen searches competitors already own.
- Builds the bilingual site needed to actually convert his own Spanish-speaking client base.

Full Service Marketing — Essentials (Standalone) | \$3,797/mo

- Revenue is a contingency-fee PI practice: transcript states \$1.5–2M gross / ~\$500K net. Tier off NET, not gross — that puts this at Essentials/Starter, not Growth.
- SALES OVERRIDE: Essentials is normally hidden for PI. Applied here on purpose — see workings file — because it matches what the firm can actually fund.
- \$3,797/mo + up to \$5,000/mo ad spend is funded entirely by redirecting the existing \$60K/yr billboard budget — no new capital ask.
- Phase 2: revisit Starter tier (\$20K ad cap) once digital lead flow and revenue are proven.

Phase 1 Scope Note: No Coaching Package Yet

- No coaching package in Phase 1 — the override above prioritizes proving the marketing channel first, within the firm's current redirectable budget.
- Elite Coach Plus (\$3,497/mo stand-alone) is the planned Phase 2 addition once digital lead flow is established — see roadmap in the client report.

Why This Ad Spend

What it does for him:

- Turns an unmeasured \$60K/yr billboard budget into trackable, optimizable digital spend.
- Gives Israel his first real data on cost-per-case, something he has never had.

Recommended Ad Spend Range:

- **Conservative:** \$3,000/mo — absolute channel minimum (Google Search + LSA only).
- **Aggressive:** \$5,000/mo — Essentials tier ad spend cap.

Estimated Return on Investment:

- **Conservative:** ~1 case every 5-6 weeks x \$7.5K = ~\$6.3K/mo vs. \$3K spend = ~2.1x return.
- **Aggressive:** ~1-2 cases x \$7.5K = ~\$12.75K/mo vs. \$5K spend = ~2.55x return.

All figures are estimates. Not guaranteed. Case value and close rate are PI/MVA defaults, not stated on the call.

How the range was calculated:

- This budget is intentionally below the \$19,500/mo full channel-minimum sum for a competitive PI market — it is a Phase 1 test sized to the Essentials tier's \$5,000/mo cap, not the ideal channel mix.
- Case volume is modest at this budget level by design. Frame it as proving the channel, not a ceiling — scaling to Starter's \$20K cap happens once revenue and results justify it.
- Package fee + aggressive ad spend (\$8,797/mo total) is ~18-21% of effective net monthly revenue — comfortably under the 35% cap.

If She Pushes Back

"You told me revenue is \$1.5-2M — why such a small package?"

That's gross, on contingency. He collects roughly \$500K net — that's the number that actually funds a monthly fee, so Essentials is the honest fit.

"\$100K a year is already a lot for marketing."

Only ~\$40K of that is actually digital-available. The rest funds billboards that produced ~5 cases last year, ~\$12K per case.

"My billboards have worked fine for years."

\$60K/yr for ~5 cases. Leah Wise and Tijerina Legal Group have built a far larger review base than Rivas and are winning this market digitally instead.

"I don't have staff to manage all this."

Essentials is a lean Phase 1 — no coaching yet. Elite Coach Plus and delegation planning come in Phase 2, once digital lead flow is proven.
