

Ferrell Law Firm

Sales Companion | August 14, 2026 | Rep: Randy Gold

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Andrew Ferrell	\$600K-\$650K (2026 proj.)	Solo (1)	Stage 3	15% (default)	Kansas City, MO

Dominant Buying Motive: TIME/FREEDOM

Andrew wants a firm that runs without consuming every hour of his week, to free up time for family, investments, and ministry.

"Personal Goal: Gain more time for family, investments, and ministry work."

"Blockers: Financial uncertainty and finding the right fit."

What he wants:

- **More time back.** Capped at 7 cases on 10-15 hrs/week because admin eats the rest.
- **Predictable income.** Wants consistent \$250K-\$350K net profit, not just revenue swings.
- **Room to hire.** Wants a paralegal-level assistant and 20 cases once flow is proven.
- **Freedom for what matters.** Family, investing, and ministry are the real reason growth matters.

What is stopping him:

- **Referral-only.** Church/word-of-mouth only — no paid marketing, no SEO, no GBP.
- **Zero reviews.** No proof anywhere while named competitors carry 90-243 reviews.
- **Solo bottleneck.** Andrew handles every case, intake call, and admin task alone.
- **Hiring stalled.** Financial uncertainty blocks the hire until lead flow is proven.
- **Unfinished site.** New \$2.5K Wix build still has placeholder copy, no SEO plan.

Why This Marketing Package

What it does for him:

- Replaces 'feast or famine' referral flow with a predictable, managed lead pipeline.
- Gets GBP, directory presence, and a finished website live before ad spend starts.
- Builds the case-volume proof needed to justify the paralegal hire he wants.

Full Service Marketing — Starter | \$4,997/mo bundled

- PI practice area forces a Starter floor — Essentials is unavailable regardless of revenue.
- \$600K-\$650K effective revenue independently falls in the \$500K-\$1M Starter band.
- Zero paid marketing history and zero GBP/reviews means full-service, not ads-only.
- Site is mid-build with no SEO plan — rebuild criteria met, requiring Full Service.

Why This Coaching Package

What it does for him:

- Turns revenue that swung \$100K-\$700K/year into a plan for his \$250K-\$350K profit goal.
- Gives him a framework for timing and affording the hire he already planned.
- Keeps growth tied to profit and time back, not just more case volume.

Elite Coach Plus | \$3,200/mo bundled

- \$600K-\$650K effective revenue falls in the \$400K-\$1M Elite Coach Plus band.
- No financial visibility system connects case volume to the profit target today.
- Legal AI Workforce is ineligible — solo firm fails the 1-2 staff minimum.
- Bundled total (\$8,197/mo) plus conservative ad spend stays under the 35% cap.

Why This Ad Spend

What it does for him:

- Turns website and SEO investment into actual case volume instead of just visibility.
- Gives Andrew the proof of ROI needed before committing to the paralegal-level hire.

Recommended Ad Spend Range:

- **Conservative:** \$7,500/mo — channel minimums for Accident/Injury (General) in a Tier 4 market.
- **Aggressive:** \$20,000/mo — capped at the Starter tier ad spend ceiling.

Estimated Return on Investment:

- **Conservative:** ~4 cases x \$6.5K = ~\$24K/mo vs. \$7.5K spend = ~3.2x return.
- **Aggressive:** ~14 cases x \$6.5K = ~\$88.5K/mo vs. \$20K spend = ~4.4x return.

All figures are estimates. Not guaranteed. Case value uses PI practice-area default; close rate defaults to 15% (not stated on call).

How the range was calculated:

- **Conservative:** Accident/Injury (General) channel minimums, Tier 4 market = \$7,500.
- **Aggressive:** Capped at the \$20,000 Starter tier ceiling — revenue doesn't support Growth tier.
- At aggressive: \$28,197/mo total = ~52–56% of revenue — above cap. Anchor on conservative (~29–31%).

If He Pushes Back

"I need to see this pay for itself before I hire anyone."

That is the order this plan follows: marketing proves lead flow, coaching builds the profit plan, then the hire.

"My website is almost done — do I need Full Service?"

The site still has placeholder copy and no SEO plan — paid traffic to it now would waste ad spend.

"Referrals have worked fine so far."

Referrals gave 'feast or famine' flow and zero reviews, while Foster Wallace (243) and McShane & Brady (122) capture the search traffic Ferrell cannot reach.

"\$8,197/month plus ad spend feels like a lot."

At conservative ad spend, total investment is ~29–31% of revenue — inside the 35% cap. Aggressive is a future ceiling, not a starting point.
