Dominant Buying Motive: MISSION SCALE + PARTNER FREEDOM

No transcript — DBM inferred. Confirm on the call with Matthew Vocci.

"Firm profile signals: Law Firm of the Year (MD Volunteer Lawyers Service); Jane Santoni practicing since 1988; Matthew Vocci bio emphasizes high-quality representation for clients who need it. Mission-driven, not revenue-first."

What they want:

- **Cases from systems, not hustle.** Inbound flow that doesn't require each partner's personal network.
- **Mission at scale.** Serve more Baltimore-area clients who need PI and consumer rights help.
- **Partner freedom.** Any partner can step away without the firm stalling.

What is stopping them:

- **No paid lead gen.** All clients come from referrals and organic — nothing runs without the partners.
- **No LSA.** Competitors hold the top Google position for PI searches; SVO is absent from that slot.
- **Review gap.** Leppler Injury Law: 407 reviews at 5.0 vs. SVO's 102 — keeps SVO out of the PI 3-pack.
- **No intake system.** No after-hours coverage; ads will generate leads the firm can't reliably convert.

Why This Marketing Package

What it does for them:

- **Turns on inbound.** Delivers cases through paid systems so partners stop being the only lead source.
- **Captures the PI searches they're missing.** Leppler and Portner & Shure own those clicks today; Growth tier takes them back.
- **Rebuilds the website to convert traffic.** PageSpeed ~38–52 mobile means ads land on a page that loses leads — the rebuild fixes that.

Full Service Marketing — Growth | \$7,397/mo bundled

- \$1.2M est. revenue — Growth tier (\$1M–\$3M) is correct; Starter undersizes it and caps ad spend at \$10K.
- PI practice: minimum Starter required; Growth unlocks LSA + PI + consumer rights campaigns simultaneously.
- Growth ad spend cap: \$15,000/mo. Upgrade to Dominate (\$8,497/mo) if aggressive goals confirmed on call.

Why This Coaching Package

What it does for them:

- **Intake before ads go live.** Builds the follow-up system so paid leads convert instead of falling through.
- **Profit plan.** Makes partner distributions predictable; contingency revenue stops arriving as surprises.
- **Team structure.** Defines what only a partner must do vs. what a trained staff member can handle.

Elite Coach Plus | \$3,200/mo bundled

- Revenue \$1M+, 5-person team — Elite Coach Plus is the right fit before adding a formal ops layer.
- No transcript: dedicated intake/ops role unconfirmed. If confirmed on call, revisit Master's Circle (\$6,600/mo).
- Includes: weekly group coaching, mastermind, quarterly workshops, one annual in-person workshop.

Why This Ad Spend

What it does for them:

- **Measurable inbound.** Every case from a paid campaign is tracked, costed, and optimizable from day one.
- **Fills the paid channels.** Google Search, LSA, and Meta put the firm in front of high-intent PI and consumer rights prospects now.

Recommended Ad Spend Range:

- **Conservative:** \$10,000/mo — PI hard floor for competitive Baltimore County; covers Google, LSA, Meta retargeting.
- **Aggressive:** \$15,000/mo — Growth tier cap; full coverage across PI, consumer rights, and Meta lead gen simultaneously.

Estimated ROI:

- **Conservative (\$10K):** ~6 cases x \$25K avg = ~\$150K/mo revenue vs. \$10K spend = ~15x return.
- **Aggressive (\$15K):** ~11 cases x \$25K avg = ~\$275K/mo revenue vs. \$15K spend = ~18x return.
- **Calculation:** Conservative = PI channel minimums (\$10K floor). Aggressive = 2x rev (\$2.4M) x 20% / 12 x 1.3 geo = \$52K, capped at Growth tier max \$15K.
- Total aggressive: \$10,597 fees + \$15,000 ads = \$25,597/mo = 25.6% of revenue. Under 35% cap.

Estimates only. Case value \$25K is default — confirm with Matthew Vocci. Not guaranteed.

If They Push Back

"We already have a good reputation — do we really need to advertise?"

Leppler Injury Law (407 reviews, 5.0 stars) is running active campaigns on every PI search SVO doesn't appear on. Reputation makes ads convert — but only if the firm is in the auction. SVO's Super Lawyers credentials and 102 reviews make it a credible advertiser the moment it enters.

"We don't have budget for \$10K+ in ad spend."

\$10,000 ad spend at 15x projected return = ~\$150K/mo in case revenue for ~\$20,597 total (fees + ads). That's a 7x+ return on total investment. Paid ads add measurable incremental volume at known cost — not a leap of faith.

"Is the Growth tier really necessary — can we start with Starter?"

Starter (\$4,847/mo) is for firms under \$1M with a \$10K ad spend cap. At \$1.2M estimated revenue with a PI practice, SVO outgrows Starter from day one. Growth adds the website rebuild, LSA, and multi-practice campaign capacity the firm needs to make the spend work.
