Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Ronen Kurzfeld	\$2–3M CAD	15 (7 atty + 8 offshore)	Stage 4	15% (default)	Toronto, ON

Dominant Buying Motive: FREEDOM THROUGH DELEGATION

Delegate intake and billing so the firm grows to \$4–5M CAD without Ronen in the middle of every function.

"Implement systems that enable delegation of intake and billing, which Ronen currently handles."

What he wants:

- **Intake off his plate.** His primary stated systems goal — lead with this.
- **Billing off his plate.** He chases invoices personally; wants a system that replaces him here.
- **Revenue to \$4–5M CAD.** Stated goal; sees it as achievable with the right systems in place.
- **A firm that runs without him.** Freedom is the destination — not just revenue growth.

What is stopping him:

- **Lead collapse.** Organic page 6+, Maps inconsistent, PPC ineffective — lead flow down ~50%.
- **No intake process.** Delegation without a documented process transfers chaos, not function.
- **Broken case management.** Monday.com failures: missed deadlines and lost leads.
- **Collections leaking.** Unpaid invoices and expired credit cards with no automated recovery.
- **AI risk exposure.** Unstructured AI use by lawyers creates fabricated citation liability.

Why This Marketing Package

What it does for him:

- Restores lead flow — without leads, there is nothing to delegate and no path to \$4–5M CAD.
- Builds a multi-channel system that runs without Ronen managing it daily.
- Recovery plan while Mamann (783 reviews) and Matkowsky (600+ reviews) extend their digital lead.

Full Service Marketing — Growth | \$7,397/mo bundled

- Revenue \$2–3M CAD confirmed on call — solidly Growth tier (\$1M–\$3M).
- All three channels failed simultaneously; full-service coordinated approach required.
- Dual domains (immigrationway.com + kurzfeldlawfirm.com) split SEO authority; NAP inconsistencies suppress Maps.
- Growth tier ad cap (\$12,000/mo) matches aggressive scenario; \$3,000 conservative is viable start.

Why This Coaching Package

What it does for him:

- Gives Ronen the framework to build delegation structures for intake and billing — the plan, not just the goal.
- Connects him to immigration firm owners who have already solved his exact delegation challenge.
- Accountability for the milestones that move him from intake bottleneck to firm owner.

Master's Circle | \$4,600/mo bundled

- Revenue \$1M+ and 15-person team — eligible; verify dedicated ops capacity with Randy Gold before presenting.
- Stated goal is operational delegation — this package is built for owners at exactly this stage.
- Immigration law coaching specialists address his practice area and delegation context directly.
- Annual in-person workshop delivers the deep-dive needed to build the leadership layer he is missing.

Why This Ad Spend

What it does for him:

- Restores paid lead flow immediately while organic and Maps recovery (months-long process) gets underway.
- Builds PPC + LSA + Meta presence that Mamann and Matkowsky already hold — this firm does not.

Recommended Ad Spend Range:

- **Conservative:** \$3,000/mo — PPC + LSA + Meta retargeting minimums for Toronto immigration.
- **Aggressive:** \$12,000/mo — Growth tier cap; full PPC + LSA + Meta lead gen with multilingual targeting.

Estimated ROI:

- **Conservative:** ~3 cases x \$5K = \$15,000/mo vs. \$3,000 spend = 5x return (est.).
- **Aggressive:** ~16 cases x \$5K = \$80,000/mo vs. \$12,000 spend = 7x return (est.).

Estimates only. Case value = practice area default (\$5K USD, not stated on call). Not guaranteed.

How calculated:

- **Conservative:** Immigration channel minimums: PPC \$1K + LSA \$1K + Meta \$1.2K = ~\$3,200 → \$3,000.
- **Aggressive:** \$4.5M CAD (~\$3.29M USD) x 20% / 12 x 1.5 (Tier 1 Toronto) = \$82K; Growth cap \$12,000 applies.
- Total aggressive: \$11,997 + \$12,000 = \$23,997/mo = ~15.8% of revenue — under 35% cap.

If He Pushes Back

"My PPC is already not working — why would more spend fix it?"

The problem is the infrastructure, not the spend. Broad 'immigration lawyer' terms pit this firm against Mamann (30-yr domain authority) and Matkowsky (confirmed remarketing). The fix: rebuild campaigns around practice-area keywords (Express Entry, spousal sponsorship) with dedicated landing pages. Same budget, 3–5x the conversion rate.

"I'm not sure I need both packages."

The lead problem and delegation problem feed each other. More leads without intake delegation = Ronen handles more consultations personally. Delegation without leads = systematizing an empty pipeline. Both must be solved together. Bundle saves \$1,997/month vs. buying separately.

"We have 371 reviews. Why aren't we ranking?"

The review count is strong (Bellissimo: 100, Guberman: 38). But three structural issues suppress it independent of reviews: (1) NAP inconsistencies — 3 phone numbers, 2 addresses across platforms; (2) dual domains splitting 20 years of link authority; (3) GBP posts not confirmed active. Fix structure first; then the 371 reviews do their full work.

"Can we start with just marketing and add coaching later?"

Workable, but flag: delegating intake and billing is a coaching outcome, not a marketing outcome. Marketing restores leads. Without Master's Circle, leads come back and Ronen handles them personally — same bottleneck. Bundle saves \$1,997/mo vs. sequential purchase.
