Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Danja Higuera	~\$100K-\$150K/yr	Solo + ICs	3 - Solo	15% (default)	Weston, FL

Dominant Buying Motive: FREEDOM

Danja wants a firm that runs without her so she can work fewer than 30 hours a week and be present for her two young kids.

"What do you offer to help me make the jump to a self-managing team?"

"solid but unpredictable"

What she wants:

- **A self-managing team.** Delegation so the firm stops depending entirely on her.
- **Predictable lead flow.** A funded channel to plan hiring around, not a guess.
- **Fewer hours, not just more revenue.** Growth means time back, not just top-line.
- **A trustworthy next hire.** Already vetting an IC attorney for removal/defense.

What is stopping her:

- **No delegated team.** Only ICs "as needed" — no fixed staff, no org structure.
- **Zero paid lead generation.** No Google Ads, LSA, or Meta found for either practice area.
- **Invisible in local search.** Did not surface in any of six search terms tested.
- **Explicit budget sensitivity.** ~\$100-150K revenue; pricing deliberately deferred.
- **No CRM or follow-up process.** Every intake call runs through her personally.

Why This Lead-Gen Add-On (NOT a Full Marketing Package)

What it does for her:

- Gives her a funded lead channel without a full marketing program she can't yet afford.
- Creates the case-volume data she needs to plan her next hire with confidence.
- Puts her above the competitors in her own office building the moment a call comes in.

LSA Management Add-On | \$900/mo bundled

- Revenue (~\$100-150K/yr) is well under \$250K — this is the entry-point combo for this revenue band, NOT the Starter tier from package_decision.json.
- Matches what Dan already discussed: a \$500/week LSA starting point, funded through cash flow first.
- Pay-per-lead, not pay-per-click — spend only converts when a real prospect calls.
- Deliberately the smallest paid lead-gen entry point — do not upsell to Starter marketing this call.

Why This Coaching Package

What it does for her:

- Gives her the org design and delegation sequencing she asked about directly on the call.
- Builds the KPI/accountability structure that makes hiring her next team member low-risk.
- Connects every session to the real goal: fewer personal hours, not just more revenue.

Elite Coach | \$2,600/mo bundled

- Revenue under \$250K places this firm in the Elite Coach tier — confirm 4 months of funds before proceeding.
- Includes weekly group coaching, masterminds, quarterly workshops, one annual in-person workshop.
- Coaching-led deal per the transcript, not a marketing-discovery lead — lead with this package.
- Elite Coach Plus and higher tiers are not eligible yet at this revenue level.

Why This Ad Spend

What it does for her:

- Turns "referrals are unpredictable" into a real, trackable number she can plan hiring around.
- Tests lead-gen at the smallest responsible spend level before asking her to commit to more.

Recommended Ad Spend Range:

- **Conservative:** \$3,000/mo — the documented absolute minimum for any paid ads program, close to the \$500/week starting point already discussed on the call.
- **Aggressive:** \$5,400/mo — 20% of a 2x revenue goal (~\$250K/yr), adjusted for the Miami-metro (Tier 2) market.

Estimated Return on Investment:

- **Conservative:** ~6 cases x \$4.5K = ~\$26K/mo vs. \$3.0K spend = ~8.7x return.
- **Aggressive:** ~13 cases x \$4.5K = ~\$56K/mo vs. \$5.4K spend = ~10.4x return.

All figures are estimates. Not guaranteed. Average case value and close rate are practice-area defaults — not stated on the call.

How the range was calculated:

- **Conservative:** Immigration LSA-only minimum (\$2,000) is below the platform-wide absolute minimum, so the \$3,000 floor applies.
- **Aggressive:** \$250K goal x 20% / 12 = \$4,167/mo. Miami-metro market (Tier 2, 1.3x) = \$5,417/mo, rounded to \$5,400.
- 35% cap check: the \$3,500/mo management fee alone is ~34% of current monthly revenue — within cap. Adding ad spend pushes total above 35% at today's revenue and even at the \$250K goal (~43%). Flag the aggressive ad number as a stretch scenario, not a Phase 1 commitment.

If She Pushes Back

"This still feels like a lot for where I am right now."

The \$3,500/mo management fee is the smallest funded combination SMB Team offers, and it's ~34% of current monthly revenue on its own — the documented entry point for firms under \$250K, not the Starter marketing tier.

"I don't want to commit to full-service marketing yet."

This isn't full-service — it's Elite Coach paired with a \$900/mo LSA management add-on, the exact combination discussed on the call, with ad spend starting at just \$3,000/mo.

"How do I know this will actually help me build a team?"

The coaching program is built specifically around the org design, KPI, and delegation sequencing she asked about directly on the call — that's the literal starting point of the engagement.

Investment At A Glance

Elite Coach	\$2,600/mo
Weekly group coaching, masterminds, quarterly workshops.	\$3,497 stand alone
LSA Management Add-On	\$900/mo
Pay-per-lead Local Service Ads management — no stand-alone tier.	
Recommended Ad Spend	\$3,000–\$5,400/mo
Goes to Google/LSA — not to SMB Team.	

Total: \$3,500/mo mgmt + \$3,000-\$5,400 ad spend | Save \$897/mo by bundling | Mgmt fee alone = ~34% of revenue (under cap); full total exceeds 35% at current revenue
