

The Law Office of Angel White

Sales Companion | August 14, 2026 | Rep: Jacob Meissner

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Angel White	\$250K proj. -> \$500K goal	~3 (unconfirmed)	Stage 3: Solo	15% (default)	Douglasville, GA + new AL office

Dominant Buying Motive: FREEDOM (Operations -> CEO)

Angel wants the firm to run itself in both Georgia and Alabama so she can lead as CEO instead of personally handling day-to-day operations.

"...a desire to shift from operations to CEO-level work"

"Personal Goal: Transition from daily operations to a CEO role, gaining work-life balance"

What she wants:

- **Trade the intake desk for the CEO chair.** Stated goal: move from daily ops to CEO.
- **Replace pay-per-lead with an owned pipeline.** Wants SEO/PPC/LSAs to replace Legal Match, Unbundled Attorney, Levitate.
- **Scale Alabama without the same bottleneck.** New office opened with zero footprint.

What is stopping her:

- **No delegation exists yet.** Angel runs both offices herself.
- **Intake runs through her personally.** Phone-only CTA, no live chat, no follow-up process.
- **Zero owned lead generation.** Growth = pay-per-lead platforms + 2-month-old outbound Levitate work.

Why This Marketing Package

What it does for her:

- Gives her an owned pipeline in Estate Planning and Probate — no longer dependent on a pay-per-lead marketplace.
- Covers both GA and AL GBP locations under one plan, so the new office isn't invisible.
- Frees her from personally chasing referrals — lead flow becomes predictable.

Full Service Marketing — Starter | \$4,997/mo bundled

- Essentials excluded — firm has multiple locations (GA+AL) AND multiple practice areas, disqualifying it regardless of revenue.
- Starter is the correct floor: under \$750K with multiple locations/practice areas defaults to Starter.
- Ad spend cap \$20,000/mo — well above the \$5,500–\$13,500 range recommended here.
- Stand-alone \$5,697/mo — bundling saves \$700/mo.

Why This Coaching Package

What it does for her:

- Gives her a structured plan to delegate intake and daily operations.
- Directly addresses the DBM — an operations-to-CEO transition track, not generic advice.
- Group coaching, masterminds, and workshops — real accountability after a self-described 'cookie-cutter' prior program.

Elite Coach | \$2,600/mo bundled

- CORRECTED: decision file picked Elite Coach Plus (\$3,200) off a HubSpot-estimated \$570K revenue. Transcript states \$250K current revenue — the \$250K–\$400K Elite Coach band, not Plus.
- Team size (~3, unconfirmed) doesn't change this — band applies regardless of team size.
- FCFO Advisor not added — no profit-problem signal stated, and revenue is under its \$400K floor anyway.
- Stand-alone \$3,497/mo — bundling saves \$897/mo.

Why This Ad Spend

What it does for her:

- Puts budget behind Google PPC and LSA — channels she asked for by name, replacing pay-per-lead spend.

Recommended Ad Spend Range:

- **Conservative:** \$5,500/mo — Estate Planning minimums (PPC \$3,500 + LSA \$2,000).
- **Aggressive:** \$13,500/mo — reverse-math off her stated \$500K goal.

Estimated Return on Investment:

- **Conservative:** 6 cases x \$2,250 = ~\$14,175/mo vs. \$5,500 spend = 2.6x return.
- **Aggressive:** 18 cases x \$2,250 = ~\$41,625/mo vs. \$13,500 spend = 3.1x return.

All figures are estimates. Not guaranteed.

How the range was calculated / scoping flag:

- 20% rule: \$500K x 20% / 12 = \$8,333 x Atlanta Tier1 (1.5x) = \$12,500, minus \$4,997 fee = \$7,503. Reverse math off the same goal runs higher (~\$13,527) — used per 'higher of the two' rule.
- **FLAG:** Aggressive total (fees+ads) = ~51% of GOAL revenue, over the 35% cap. Conservative total = ~63% of CURRENT revenue. Start conservative; scale toward goal.

If She Pushes Back

"We're already paying Legal Match and Levitate — why add another vendor?"

Not additive — this replaces pay-per-lead and outbound spend. She told us it's a replacement, not an add-on.

"\$7,597/mo feels like a lot on \$250K in revenue."

Tight now (~36.5% of monthly revenue in fees alone) but fits once she hits her \$500K goal. Flag for scoping approval — revenue is under \$300K.

"Alabama just opened — is it too soon to spend there?"

Opposite — zero competitor footprint exists yet. Every week without a GBP there is a week a future competitor could claim that ground first.
