Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Andrew Maloney	~\$3M USD/yr	30 (8–9 atty)	Stage 4	~15% (est.)	Guelph ON (HQ) +4

Dominant Buying Motive: FREEDOM — CEO TRANSITION

Andrew wants to stop running the day-to-day and become a true owner — the firm should grow without requiring his personal presence in every decision.

"Still heavily in-the-business day-to-day; wants to move toward more of an owner/CEO role."

What he wants:

- **Fixed marketing engine.** Google Ads was generating 1.5:1 ROI a year ago — now below 0.5:1. This is his primary ask.
- **New lead channels.** LSA and paid social are both untouched; he wants diversification, not just a patched single source.
- **Geographic expansion.** London ON, Edmonton, Ottawa, Calgary — specific markets named on the call.
- **CEO role transition.** 30 employees, 5 offices, a U.S. acquisition — the firm has outgrown being run by one person.

What is stopping him:

- **Broken paid channel.** \$10K/month at sub-0.5:1 ROI — losing money on the primary growth engine since summer 2024.
- **No management layer.** All decisions route through Andrew — nothing runs without him because nothing is delegated.
- **No intake team.** Attorneys handle consultations at uneven close rates — conversion is person-dependent, not process-driven.
- **No outside accountability.** First-time coaching client — will need trust established before fully leaning into coaching.

Why This Marketing Package

What it does for him:

- Stops the bleeding first — rebuilt Google Ads account ends the \$5K+/month losses and targets positive ROI within 90 days.
- Opens two new channels (LSA + Meta) so the firm is never again dependent on one broken source.
- Puts Pilkington's brand in 8 Ontario expansion markets ahead of competitors at a fraction of Google PPC cost.

Full Service Marketing — Platinum | \$15,997/mo bundled

- Revenue \$3M USD = Platinum tier (\$3M+ threshold); aggressive goals (2x = \$6M) confirm higher tier.
- Website rebuild needed: no attorney bios, no video, no inline form, 55-site PageSpeed unverified.
- Multi-location, multi-practice firm requires full-service — not an ads-only sub-package.

Why This Coaching Package

What it does for him:

- Builds the management layer — a Fractional COO Director creates the structure that lets Andrew step back from daily decisions.
- Integrates Orlando — unified systems across Canadian and U.S. practices so one person is not running two separate firms.
- Master's Circle peer group delivers the accountability and law firm playbooks he has been building without for 10+ years.

Master's Circle + FCOO Director | \$8,394/mo bundled

- \$3M revenue + 30-person team + dedicated staff (Brian Gill) = Master's Circle eligible.
- DBM is CEO transition — FCOO Director builds exactly the operational framework Andrew needs.
- First-time coaching client: Director is right entry point; FCOO Partner is the Phase 2-3 upgrade. Saves \$2,400/mo vs. standalone.

Why This Ad Spend

What it does for him:

- Conservative (\$10K/mo) optimizes what he is already spending — same budget, rebuilt structure, estimated 6.8:1 return vs. current sub-0.5:1 loss.
- Aggressive (\$50K/mo) opens the geographic expansion he described — 90 cases/month estimated, \$405K/month revenue from ads at 8.1:1 return.

Recommended Ad Spend Range:

- **Conservative:** \$10,000/mo — matches current spend; optimized structure across Google PPC + new LSA + Meta retargeting.
- **Aggressive:** \$50,000/mo — scales to priority expansion markets; within 35% revenue cap at current \$250K/mo revenue.

Estimated Return on Investment:

- **Conservative:** 15 cases x \$4,500 avg = \$67,500/mo vs. \$10,000 spend = 6.8x return (est.).
- **Aggressive:** 90 cases x \$4,500 avg = \$405,000/mo vs. \$50,000 spend = 8.1x return (est.).

All figures are estimates based on immigration CPL benchmarks and 15% default close rate. Not guaranteed.

How the range was calculated:

- **Conservative:** Immigration channel minimums: Google PPC \$3,000 + LSA \$2,000 + Meta retargeting \$1,200 + Meta lead gen \$3,000 = \$9,200; rounded to \$10,000.
- **Aggressive:** \$6M goal x 20% / 12 = \$100K. Tier 3 blended geo (1.15x) = \$115K. Minus \$15,997 fee = \$99K; capped at \$50K by 35% rule.
- Total at aggressive: \$24,391 fees + \$50,000 ads = \$74,391/mo = 29.8% of revenue. Under the 35% cap.

If He Pushes Back

"Why would more spend fix what isn't working on Google Ads?"

It is not about more spend — it is a structural account problem from the 2024 algorithm update. We rebuild first; spend does not increase until ROI is positive. Same \$10K/month in a rebuilt account projects at 6.8x vs. current sub-0.5:1.

"I've never worked with a coach — I'm not sure I need that."

Growing to \$3M alone is what is now limiting the firm. A 30-person firm cannot scale with one person making all decisions. FCOO Director builds the management layer — Andrew gets to lead, not operate.

"\$24K/month is significant — what if it doesn't work?"

\$24,391 is 9.8% of monthly revenue — well under the 35% benchmark. Conservative ad projection is \$67,500/month at 6.8x. The bigger risk: losing \$5,000+/month on a broken ad account with no plan to fix it.
