

Conley Law Office (Conley Law Office, PLLC)

Sales Companion | July 17, 2026 | Rep: Nick Holderman

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Ginny Conley	\$350K-\$500K (transcript-tied est.)	~3 (est.)	Stage 3: Solo	15% (default)	Parkersburg, WV

Dominant Buying Motive: EXIT

Ginny is building Conley Law Office to sell within 5 years — she needs the systems and financial visibility that make it something a buyer will actually pay for.

"to support the firm's 5-year goal of maximizing value for a sale"

"A part-time bookkeeper's inconsistent process and lag in recording transfers"

What she wants:

- **A firm that runs on more than her reputation.** Real lead generation, not just referrals.
- **Clean, provable financials.** A trust account she — and a future buyer — can trust.
- **A team that doesn't depend on her for everything.** Not the firm's single point of failure.
- **A strong sale in 5 years.** Every fix now builds resale value, not just this year's revenue.

What is stopping her:

- **No paid lead generation exists.** Zero confirmed ad presence across her three practice areas.
- **The trust account isn't clean yet.** A misapplied-funds incident and manual workaround are being resolved.
- **She is the only named attorney.** No confirmed manager to share operational load.
- **The website adds friction.** Contact form is buried, no live chat or after-hours coverage.

Why This Marketing Package

What it does for her:

- Gives her lead generation across all three practice areas, not dependent on referrals.
- Builds the visible, verifiable online presence a buyer's due diligence will check.
- Frees her from being the only source of new business during the NC expansion.

Full Service Marketing Starter | \$4,847/mo bundled

- Personal Injury sets Starter as the minimum eligible tier regardless of exact revenue.
- Revenue (transcript-tied to \$350K-\$500K) falls in the \$400K-\$1M Starter range.
- Zero paid channels today means Full Service, not ads-only, is the right scope.

Why This Coaching Package

What it does for her:

- Gives her structured accountability while she juggles casework, a trust cleanup, and a new-state expansion.
- Connects her day-to-day decisions to the 5-year sale goal, not just this month's revenue.

Elite Coach Plus | \$3,200/mo bundled

- Revenue band (\$400K-\$1M at the corrected midpoint) maps directly to Elite Coach Plus.
- Revenue is under \$500K, so Fractional COO/CFO products aren't eligible yet.
- Team size defaults to under 5, which also rules out Master's Circle.

Why This Ad Spend

What it does for her:

- Gets real, trackable leads flowing across all three practice areas instead of relying on referrals alone.
- Builds a review and case-volume base that supports both near-term growth and the NC expansion.

Recommended Ad Spend Range:

- **Conservative:** \$9,200/mo — minimum viable spend (Google PPC + LSA + Meta Retargeting), sized to Personal Injury, her most competitive practice area.
- **Aggressive:** \$16,700/mo — capped below the Starter tier's \$25,000 ceiling by the 35%-of-goal-revenue guardrail.

Estimated Return on Investment:

- **Conservative:** 2 cases x \$6.5K = \$14.3K/mo vs. \$9.2K spend = 1.6x return.
- **Aggressive:** 5 cases x \$6.5K = \$31.2K/mo vs. \$16.7K spend = 1.9x return.

All figures are estimates. Not guaranteed.

How the range was calculated:

- **Conservative:** PI (most competitive area) minimums: PPC \$6,000 + LSA \$2,000 + Meta \$1,200 = \$9,200.
- **Aggressive:** \$850K goal x 20% / 12 = \$14,167, x0.85 geo = \$12,042, minus \$4,847 fee = \$7,195 (20%-rule). Reverse-math need (~\$37,950) is higher but capped by the 35% guardrail to \$16,700.
- At aggressive: \$24,747/mo mgmt+ad = 34.9% of GOAL revenue — under the 35% cap. At CURRENT revenue this is tighter; confirm actual revenue with Ginny first.

If She Pushes Back

"We're already stretched thin with the North Carolina expansion and the bookkeeping cleanup — can this wait?"

The trust account and bookkeeping work is being handled separately; this engagement runs in parallel and is built to produce trackable leads in the first 90 days, not add to her plate. Coaching is specifically designed to help her manage overlapping workloads like this one.

"Is \$8,047/month plus ad spend too much for a firm this size?"

Marketing MRR is well under the \$10K scoping-approval threshold, and the recommended ad spend (\$9,200-\$16,700/mo) is sized to stay within roughly 35% of her stated 2x-revenue growth goal — the conservative end is the realistic near-term entry point.

"Why do we need paid ads if referrals have worked so far?"

Summers & Associates has 210 reviews and Klie Law Offices runs a 4-city footprint — referral-only growth is competing against firms already investing in paid visibility. A buyer evaluating this firm in 5 years will want to see demand that isn't entirely dependent on Ginny's personal reputation.
