

Reneau Bays

Sales Companion | September 8, 2026 | Rep: Dan Bryant

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Roger Reneau / Danny Bayes	\$700K–\$900K/yr	2 attys + support	Stage 3	15% (default)	Oklahoma City, OK

Dominant Buying Motive: TIME FREEDOM

Danny wants his income and schedule back; Roger wants the associates in place to step back from carrying every case himself.

"Eat what you kill"

"Was not sustained"

"An ops nightmare"

What they want:

- **Danny: \$250K income.** Up from \$160K–\$180K, and less time litigating over 3–5 years.
- **Roger: associates hired.** More time for mediation and management, less personal casework.
- **One unified brand.** One Reneau Bays identity, not two legacy identities.

What is stopping them:

- **No sustained marketing.** Referrals are the only channel today.
- **Fragmented GBPs.** One still miscategorized as Bankruptcy Attorney.
- **Missed calls.** 82 of the last 356 inbound calls went to voicemail.

Why This Marketing Package

What it does for them:

- Builds a non-referral pipeline of family law and probate cases.
- Closes the visibility gap with Lai & Turner and Cannon & Associates.

Full Service Marketing — Starter | \$4,997/mo bundled

- Revenue (\$700K–\$900K/yr) lands in the \$500K–\$1M Starter tier.
- Multiple practice areas disqualify the Essentials tier regardless of revenue.
- Ad spend plan (LSA first, then PPC) fits within Starter's \$20,000/mo cap.

Why This Coaching Package

What it does for them:

- Gives Danny a structured path from litigating to managing.
- Gives Roger a framework for hiring the associates he's planning to add.

Elite Coach Plus | \$3,200/mo bundled

- Revenue (\$700K–\$900K) falls in the \$400K–\$1M Elite Coach Plus band.
- FCOO Advisor held for Phase 2 to match the ~\$6K–\$7.5K/mo range discussed on the call.

Reneau Bays — Sales Companion (continued)

Why This Ad Spend

What it does for them:

- LSA-first approach starts generating pay-per-lead calls immediately — matching the plan already discussed on the call.
- Turns the firm's existing reputation into a channel that doesn't depend on referrals.

Recommended Ad Spend Range:

- **Conservative:** \$5,500/mo — Family Law channel minimums (Google PPC \$3,500 + LSA \$2,000).
- **Aggressive:** \$20,000/mo — Starter tier cap (20%-rule math pointed to \$21,670, capped at the tier max).

Estimated Return on Investment:

- **Conservative:** ~7 cases x \$10K = ~\$70K/mo vs. \$5.5K spend = ~12.7x return.
- **Aggressive:** ~32 cases x \$10K = ~\$320K/mo vs. \$20K spend = ~16x return.

All figures are estimates. Not guaranteed.

How the range was calculated:

- **Conservative:** Family Law minimums: PPC \$3,500 + LSA \$2,000 = \$5,500.
- **Aggressive:** \$1.6M goal x 20% ÷ 12 = \$26,667. Tier 4 (1.0x), minus \$4,997 fee = \$21,670 — capped at Starter's \$20,000 max.
- **Caution:** \$28,197/mo total at aggressive is ~38%-48% of revenue depending on the true figure — exceeds the 35% cap. Confirm revenue first.

If They Push Back

"We're already getting referrals — why paid marketing?"

Referrals got you to \$700K-\$900K, but Lai & Turner and Cannon & Associates are out-marketing you for the same searches — that gap won't close on its own.

"\$8,197/month plus ad spend feels like a lot."

Start conservative at \$5,500/mo ad spend — total sits within the \$5K-\$10K/mo range you and Dan already discussed, and the Starter tier caps it.

"We don't have time for a marketing overhaul."

That's what this package is for — SMB Team runs the GBP merge, LSA launch, and page rebuild while coaching builds the delegation structure.

Investment At A Glance

Full Service Marketing — Starter

GBP merge, LSA launch, geo-optimized pages, PPC.

\$4,997/mo

~~\$5,697~~ stand alone

Elite Coach Plus

Weekly group coaching, masterminds, workshops.

\$3,200/mo

~~\$3,497~~ stand alone

Recommended Ad Spend

Goes to Google, LSA, and Meta — not to SMB Team.

\$5,500-\$20,000/mo

Total: \$8,197/mo + \$5,500-\$20,000 ad spend | Save \$997/mo by bundling | ~37.6%-48.3% of revenue at aggressive (confirm revenue — may exceed 35% cap)
