Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Genevieve Blazini	\$2.0M (2025); \$2.4M run rate	6 (5 atty + DOO)	Stage 4	75% of consults	Maywood, NJ (Bergen County)

Dominant Buying Motive: SCALE AND DOMINATE

Build a \$10M Bergen County family law firm that runs on systems — not on luck, referrals, or whether the leads decide to show up this week.

"Partners are fully aligned on an aggressive growth goal — \$3M this year, \$10M in 5 years — and are prepared to invest heavily to achieve it."

"75% of consults retained. A healthy 40-45% net profit margin provides ample room for investment without jeopardizing the business."

What she wants:

- **Predictable leads.** No more 10-day droughts — 20-25 new clients/month consistently.
- **\$10M in 5 years.** Not as a wish — as a plan with a clear system behind it.
- **Operational independence.** Natalie and the team execute without partner involvement at every step.
- **Attribution data.** Know which channels generate the best cases so every dollar is justified.

What is stopping her:

- **GBP miscategorization.** \$10K/month in LSA suppressed — listed as 'General Law Firm' not 'Family Law Firm.'
- **No Meta advertising.** Entire paid social channel unclaimed while competitors build awareness before prospects search Google.
- **Ops infrastructure early-stage.** Natalie joined 2024; systems for a \$10M firm still being built.
- **Buried intake.** Contact form at bottom only — ad visitors who don't scroll leave without contacting the firm.

Why This Marketing Package

Full Service Marketing — Dominate | \$10,497/mo bundled

- Revenue \$1M+, aggressive \$3M/2026 and \$10M/5yr goals — Dominate tier is the correct match.
- Already spending \$12,500/mo; SMB restructures that budget and fixes the GBP suppressor immediately.
- 86 reviews at 4.8 stars exceeds Burke Williams (69) — correct category fix unlocks the local pack position the firm should already own.

Why This Coaching Package

Master's Circle + FCOO Director | \$5,394/mo bundled

- Revenue \$2M+; team of 6 with dedicated DOO — \$2M+ eligibility tier confirmed.
- Natalie joined 2024; FCOO Director accelerates the infrastructure build she was hired to complete.
- Includes group coaching, practice area masterminds, quarterly workshops, and one annual in-person event.

Why This Ad Spend

What it does for her:

- Conservative (\$3,500/mo) establishes per-channel ROI proof — demonstrates what a properly managed campaign produces from week one.
- Aggressive (\$14,000/mo) reaches the Dominate tier cap and positions MBD Law for the 20-25 new client/month Q3 target.

Recommended Ad Spend Range:

- **Conservative:** \$3,500/mo — minimum viable spend across LSA, PPC, and Meta retargeting.
- **Aggressive:** \$14,000/mo — Dominate tier cap; positions MBD Law to dominate Bergen County family law searches.

Estimated Return on Investment:

- **Conservative:** ~6 cases x \$10K avg = \$60K/mo vs. \$3.5K spend = ~17x return (estimated).
- **Aggressive:** ~28 cases x \$10K avg = \$280K/mo vs. \$14K spend = ~20x return (estimated).

Estimates only. Case value not confirmed — verify at proposal call. Not guaranteed.

If She Pushes Back

"We're already spending \$12,500/month — why pay more to manage it?"

The \$12,500 is producing 10-day droughts because the GBP is miscategorized. SMB management fixes the structural suppressor, restructures the budget, and launches Meta (unclaimed). The question is whether the current \$12,500 should keep producing droughts.

"We have a Director of Operations — why do we need the FCOO package?"

Natalie joined in 2024 and is building systems from scratch. FCOO Director pairs elite coaching with a seasoned COO who has built \$10M law firm infrastructure before — Natalie gets a partner who has done exactly this, not a program to figure it out alone.

"\$15,891/month is a big number."

At conservative (\$3,500 ad spend): ~6 cases x \$10K = \$60K/mo revenue from ads vs. \$3.5K spend. Total SMB fee is under 8% of current monthly revenue (\$200K). MBD already has 86 reviews and a 75% close rate — the system just needs to match the talent. All ROI figures are estimates.
